STIMULATING AND CREATIVE

YEAR 9 PARENT VOICE

Thank you, my son has finally started to enjoy school and feels good about himself.

Excellent support, excellent communication - very happy with our choice of school.

My daughter loves school and is excited to be part of the Karamū team. She shows independence and drive and has not voiced any issues concerning school. She enjoys every day.

I like the way the school embraces the 'whanau atmosphere' and actively encourage 'whanau participation and involvement' in the students' learning.

We have been very impressed with the school's presentation and the way staff interact with both students and parents. A big thank you from us.

At the Open Evening we were impressed with the options available and Karamū's use of technology and the open, easy to negotiate layout and so far our daughter is absolutely loving it.

Really happy with the level of support.

My son enjoys attending school. Comes home happy so that makes me feel the school is doing a good job.

Great school wide connection. Teachers often make contact which is very much appreciated

Keep doing what you are doing - I've found Karamū to be supportive of both my children and our family - thank you

We feel my son has settled in well within Karamū and finds he has a good rapport with his teacher and school mates.

*I am very pleased with everything.
Ngāmihi te kura ō Karamū*
