## PŌWHIRI 2024

2024 started off in splendour with our pōwhiri on day one, unfortunately this year in our hall due to the inclement weather. Our pōwhiri is a most special day where we acknowledge, come together and welcome those new into our Karamū whānau. Demonstrating our values of both whanaungatanga and manaakitanga, we welcomed many new staff, friends, parents, whānau and students. A rousing haka from the tangata whenua and a heartfelt waiata manuhiri made it a heartwarming occasion. Many thanks to Mr Fleming for speaking on behalf of the manuhiri.

We hope you enjoy a selection of photos from this occasion.

# PRINCIPAL

Tēnā koutou

Welcome to all our new and existing students, whānau and teaching staff to Karamū High School for 2024. This year we are starting with a roll of over 910 students and once again we have had to implement the school's zoning policy. Those students that have enrolled should therefore be here embracing the values and opportunities, cherishing the environment and relishing the learning that can take place in our wonderful school.

For your child to be the best they can be in 2024 they need to turn up to school on time, attend every day they can, focus in class, do their best, ask for help and be involved. If there is support you need for this to happen please reach out to your child's dean in the first instance. All contact details are available on the back page of this Kōrero. To support this message this year's Year 13 student leaders have set the school the following wero:

***Don't let the results and outcomes of the past define who you are – it's what you do now and moving forward that will define who you are going to be.***

That's what's exciting about a new school year. It gives everyone an opportunity to set new goals. Whether they be in the classroom in your learning, outside of the classroom in your co-curricular or in your personal life. Maybe you want to do better in a specific course, better in your cultural or sporting pursuits or just be a better person. Everyone has it within themselves to keep moving forward, be a better version of themselves.

Students will see that quote every day when they come into school; we urge them to embrace that challenge and know that alongside of you their whānau, our staff and the student leaders we believe they **can** keep **moving forward to define who they are going to be.**

Our warmest congratulations to the 2024 Year 13 student leaders (featured in this Kōrerō). This group of young people will work together to inspire the participation of the school body for 2024.

Ngā mihi nui

## DETAILS UPDATE

**Has your address, email or phone number changed?**

Is the emergency contact still valid? ie: Could they pick up your child during the day if they were ill?? It is *very important* we have up-to-date details on our student management system (KAMAR) so we can contact you if needed.

**Please contact the school office to update your details if they have changed, email: [office@karamu.school.nz](mailto:office@karamu.school.nz)**

## CONTACTING STUDENTS AT SCHOOL

Please **DO NOT** text or call your child during the day. You are risking your child having their phone confiscated :-)

We have mechanisms to contact your child if necessary. The office is the first point of call for parents to get in touch with their children if it is urgent, as the school can ensure the student gets the right support in getting the message at that time.

If your child is ill or upset they should come to the office and we will call you, as we can provide first aid and āwhina before we ring you, or an ambulance, if necessary.

## YEAR 9 PARENTS EVENING

**Wednesday 13 March 2024**  
5:30pm, June Clark Centre

An essential opportunity for Year 9 whānau (with their child) to meet mentor teachers (the person your child see's most each day) to understand starting at Karamū and then an informal meetup with other course teachers.

**All Year 9 whānau must get along.**

# DEPUTY PRINCIPAL - CURRICULUM

Kia ora e te whānau

Academically all students have been busy this term. Year 9 and 10 have had a series of tests which provide us with a range of data to enable us to see how to best help them learn and Year 11 - 13 have started their NCEA journeys.

In order for Year 11 - 13 students to achieve their goals they need a number of mechanisms in place:

- Consistent attendance
- Focus in class
- Sustained completion of classroom tasks and homework
- Meeting all milestones and assessment due dates
- Clear lines of communication with their teachers

You as whānau can track senior student milestones and assessments on our school website under the academic section or ask your child to show you their individual course outlines on Microsoft TEAMS.

Also [on our website](#) are a series of useful documents including:

- NCEA for Parents and Students
- Extension Forms
- Appeals
- NCEA Exam Timetable for 2024

Students, who for very legitimate reasons, cannot meet deadlines (bereavement, illness or injury) should complete the extension form with evidence of their work and take it to their teacher to apply for an extension. Milestones are used to check that students understand the assessment and are ready to move to the next phase, and check authenticity/academic honesty.

Students who do not meet the milestones will be required to catch up their work in the Homework Centre/Period 6 after school. Students who are behind at the end of each term will be required to attend school during the holidays to catch up.

Ngā mihi  
Ms Sarah Gunn

# DEPUTY PRINCIPAL - STAFF

Kia ora e te whānau,

It has been a great start to the year with our students now settled into their studies. It has been amazing to work with students who had clashes with their timetables, their maturity, patience and positivity as we worked through the first two weeks in balancing classes and sorting out clashes.

Once again we are at capacity and most courses are well into the term study. Students will have a course outline that has been posted through their TEAMS app and this is the main portal for students to access their work. We have been overwhelmed with requests for laptops and unfortunately some students are waiting to access a device. We do have access to computers at school so they will not miss out when at school. If you have borrowed a device but are now able to purchase or attain one the return and redistribution of that laptop would be greatly appreciated.

Our Mahi class, one hour a week for the senior school is well underway. Our Year 11 and 12 started by completing a CV, which they can draw on at any time to update and to use for applying for a few hours work a week. They have now moved onto their driving units with the Year 11 students who are on average 15 and a half years having time to practice towards their learner licence. This includes a self-paced online road code, practice tests and the support of their peers as they work through it.

I have been greatly reassured by the positive approach to the time available and the excitement and engagement by our students. Year 12 can either study towards their learners or start to work towards their restricted. Year 13 have been engaged in workshops around flatting, eating healthy while living independently, finance and relationships.

Ngā mihi  
Mr Damien Hollands

# DEPUTY PRINCIPAL - STUDENT MANAGEMENT

Kia ora e te whānau

Welcome back to the 2024 school year and a special acknowledgement to new staff and students. I hope you have felt the same manaaki in your first couple of weeks, as I experienced when I started in late 2022.

The pastoral care team have been busy over the first few weeks of the year to make sure that our Year 9 cohort settle into high school life as soon as possible. Our mission is to help make the transition smooth, so all students feel comfortable to be at Karamū High School.

Overall, I am pleased to see students responding well to the new cell phone guidelines. New regulations set out by the Ministry of Education require students to not use their phones while they are attending school (including breaks). Students can bring their phone to school, but it is important that they turn it off and place it in their bag. If students make the decision to have their cell phone out during the school day, they run the risk of having it confiscated.

Maintaining our high uniform expectations has been another focus for the beginning of the year. Here is a reminder of our uniform requirements:

- Hair is to be tidy, of a natural colour and long hair must be tied back for health and safety reasons.
- Facial hair should be tidy and groomed.
- Earrings: students may have no more than two studs or sleepers in each ear (the size being no bigger than a hole punch).
- Students may have one small nose stud. No other facial or visible body or tongue piercings are permitted.
- One neck taonga (pounamu, bone carvings, religious attire) are permitted
- No other jewellery i.e: bracelets, anklets, rings etc may be worn, however the principal will consider special requests.
- Only natural coloured make-up including nail polish, eye shadow, eye liner and foundation are permitted.

I look forward to meeting you sometime soon.

Ngā mihi  
Mr Troy England

There are two main ways to find information on your SchoolDocs site, using the search and the table of contents.

## Search

1. Type a keyword or phrase into the search bar and press enter or click the search icon.
2. View the search results and click a topic or document to see the content.
3. Click Close Search to see where the topic fits into the table of contents.

## Table of Contents

# WHAT'S HAPPENING IN CAREERS

Term one has started off with its usual business, with students sorting their subjects and timetables. Mrs Hunter, our careers advisor has started interviewing Year 12 and 13 students to plan future pathways.

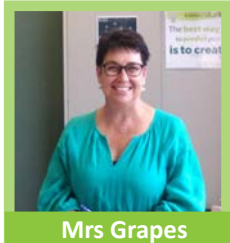

There have been opportunities for students to hear from visitors to the school. This term, we have already had the Defence Force recruiters and a representative from Discover Forestry.

The university liaison visits have begun, with Auckland being the first. This was exceedingly well attended, with Year 13's eager to find out information about tertiary options. We have all the other universities also visiting during the term.

Our Trades Academy students have started at EIT in their respective courses, under the guidance of Mrs Grapes, our Gateway co-ordinator.

The Gateway health and safety course is underway for students who may be undertaking a 'Gateway' placement during the year. This involves a work experience opportunity in their chosen industry of interest, organised during Term 2 and Term 3.

Other opportunities are advertised in the notices and on Teams regarding such things as volunteering roles, internships, scholarships and employment opportunities.

Career staff are happy to help with these applications. For any enquiries please feel free to 'Teams' message, email or come and see the careers staff.

# SWIMMING SPORTS
